

# Girls's Waterpolo '09 Head Coaches

**Nick Hellwig**

## Q&A

**Q:** What is your past coaching experience?

**A:** This is my second year coaching waterpolo. I have coached six years in summer swimming, and was captain coach of my collegiate waterpolo team in Dayton.

**Q:** How does SHS's waterpolo team differ from other schools?

**A:** Camaraderie. There is a very strong bond between the girls. They work to get better among themselves. There is a lot of history from older sisters who have been on the team to friendships.

**Q:** How do you feel the season has gone so far?

**A:** It's been an eye opener for the girls from having one of the most dominate players in the state to having to step up on their own.

**Q:** Where do you see the season going?

**A:** I can see them become very great team when they all realize their own potential.

**Q:** Who are you strong players in offence and defense?

**A:** Erin Doherty is a good shooting threat. Merissa Merk has always been a threat. Katie Reed, the captain, has a phenomenal shot when she takes it. Defense, there is no one in particular, they play as a waterpolo team as they should.

**Final words:** I'm afraid the girls don't see all the talent they posses in themselves.
